PROFESSIONAL TRAINING

IsDB-BISEW: IT Scholarship Programme 09/2024 – 07/2025 | Dhaka, Bangladesh
Trainee
Coursework: Web Publishing & Bootstrap, Database Development using Oracle 19c, Object Oriented Programming using JAVA, XML & O-O System Analysis and Design using UML, Server-side Programming using Servlet, JSP, JSF, Hibernate, Angular, Spring, Spring Boot & JasperReports, Mobile Application using Android & Flutter.

SKILLS

Programming Languages:
Java, JavaScript, TypeScript

Databases:
MySQL, PostgreSQL, Oracle

Frameworks & Tools:
Spring, Spring Boot, JPA, Hibernate, Angular

Version Control Tools & Platforms:
Git, GitHub, GitLab

EXPERIENCE

Nirupon Limited 08/2025 – Present | Mirpur-15, Dhaka
Associate Software Engineer
- Develop and maintain scalable backend microservices using Java, Spring Boot, and REST APIs.
- Design and optimize database queries in PostgreSQL for performance.
- Collaborate in a team environment following Agile methodology.
- Work on frontend integration by connecting APIs with Angular applications.
- Use Git for version control and participate in code reviews.
- Debug and improve existing systems for better scalability and reliability.

PROJECTS

Academic Journal Publication System
Java, Spring Boot, JPA, Hibernate, PostgreSQL, Angular
- User login and role-based access (Author, Editor, Reviewer, Admin).
- Manuscript upload, review, and editorial decisions.
- Journal, issue, and article publication management.
- Role-based dashboards with API-connected frontend.

Employee Salary Management System
Java, Spring Boot, JPA, Hibernate, PostgreSQL, Angular
- Developed a full-stack Employee Salary Management System using Spring Boot, Angular, and PostgreSQL.
- Built and integrated RESTful APIs to handle employee data and salary operations.
- Designed a responsive frontend with Angular for efficient data interaction and improved user experience.
- Implemented salary calculation logic, ensuring accurate and reliable data processing.

Quiz App
Angular, LocalStorage
- Angular-based quiz app that uses localStorage to save quiz data and track user progress.
- Stores quiz questions and user answers in JSON format for persistent data.
- Tracks user performance and progress throughout the quiz.

Journal Publication Database in Oracle & PostgreSQL
Oracle, PostgreSQL
- Complete database of a journal publication company with SQL queries for data operations.
- Queries cover basic data retrieval to complex data analysis across multiple related tables.

EDUCATION

University of Barishal 01/2019 – 12/2023 | Barishal
B.Sc (Botany)
